Description of Parts

Except the followings, refer to the Operating Instructions for the computer.

<Bottom>

Protection Seal

Camera Light

Camera

Tablet Button
CAUTION

● Do not look directly at the camera light since it is too bright.

NOTE

● Remove the protection seal before using the camera.
● The RAM module cannot be upgraded.

● Supplied Accessories

Camera Software CD-ROM 1

NOTE

● The "Shoulder strap" described in the Operating Instructions is not supplied with this computer.

Using the Hand Strap

The hand straps are attached on both sides of the computer respectively. To remove the hand strap, use a driver to remove the screws on each corner (A).

CAUTION

● Do not use the strap to carry a heavier weight than the computer. Otherwise the strap may become loose by itself.
● Do not use the strap if it becomes worn or damaged.

Remove the hand strap latch (B) to open each connector on the side of the computer.
(A)

Starting up AMCap for TOUGHBOOK

Start up AMCap for TOUGHBOOK to take still pictures or motion pictures.

1 **Windows XP**
Click [start] - [All Programs] - [Panasonic] - [AMCap for TOUGHBOOK].

Windows Vista
Click (Start) - [All Programs] - [Panasonic] - [AMCap for TOUGHBOOK].

NOTE

- If you use this software and another multi-media software at the same time, error may occur. Close all multi-media software including this software and restart this software.
- If an error message appears and nothing is displayed, restart this software.
- Two or more users cannot use this software with Fast User Switching function.

Windows Vista
- When the computer has resumed from sleep or hibernation, an error may appear and connection with the camera device may be cut off. If this occurs, restart this software.
