

SPEED OF BROADBAND. FREEDOM OF WIRELESS.

With Broadband Access from Verizon Wireless, you can enjoy broadband Internet access from anywhere in the Verizon Wireless data network. No phone jacks or hot spots required.

Verizon Wireless BroadbandAccess lets you:

- Access the nation's largest high-speed wireless broadband network.
- Connect to the Internet, company intranet, or email, and download critical information.
- Work at average download speeds of 400 to 700 Kbps.

BroadbandAccess is available in 181 major metropolitan areas covering over 148 million people, and is expanding coast to coast. BroadbandAccess is available in 72 primary airports in the United States.

For additional information about our products, services, and pricing, please visit us at www.verizonwireless.com.

Connect to what matters most from coast to coast.

When you're on the go, and outside the Broadband**Access** Rate and Coverage Area, National**Access** keeps you in touch with the people and information you rely on every day. National**Access** offers fast downloads, quick access to your email, efficient Internet searches, and more. In thousands of cities and towns across America, you can:

- Submit sales orders or complete work orders from the field at speeds bursting up to 144 Kbps, with average speeds of 60 to 80 Kbps.¹
- Quickly download email attachments, complex spreadsheets, and presentations.
- Access the Web in a taxi, at customer locations, or anywhere within the National Enhanced Services and the Extended National Enhanced Services Rate and Coverage Areas.
- Work wirelessly and easily with no phone jack or separate Internet Service Provider (ISP).
- Get the authentication and data protection provided by the Verizon Wireless Code Revision Multiple Access (CDMA) digital network.

¹ Speed claim based on our network test with 101 KB File Transfer Protocol (FTP) data files, without compression. Actual throughput speed and coverage may vary. Speed claim not applicable when roaming.

Choose the plan that works best for you.

Important information.

For more information, refer to the Customer Agreement or speak to a Sales Representative.

Service is subject to the terms of the Customer Agreement, which you should read before activating service. Plans not available in all areas. Credit approval required. Billing, shipping, and end-user address must be within the Verizon Wireless licensed and service areas where the wireless phone number is issued. Existing Verizon Wireless Customers wishing to change to one of these Plans may be required to extend their Agreement.

To make sure you have coverage in newly expanding markets, click "yes" when prompted to update your Dell Mobile Broadband Card Utility. In some rare instances, this may alter your Plan's Rate and Coverage Area. Charges for Quick 2 Net or dial-up calls will be based on the cell sites used and time of day at the telephone switching office that carries your call, which may be different from the time of day shown on your device. Rates do not apply to credit card or operator-assisted Quick 2 Net or dial-up calls, which may be required in certain areas. Usage rounded up to the next full minute. Charges start when you first press **CONNECT** or the call connects to a network on Quick 2 Net or dial-up calls. Time may end several seconds after you press **DISCONNECT** or the call otherwise disconnects. For Quick 2 Net or dial-up calls made on our network, we only bill for those calls that connect (which includes Quick 2 Net or dial-up calls answered by machines). Quick 2 Net or dial-up calls to "toll-free" numbers are toll-free; you will be billed airtime. Billing for airtime and related charges may sometimes be delayed. You are responsible for maintaining virus protection when accessing service.

Unlimited NationalAccess/BroadbandAccess:

Subject to **VZAccess** Acceptable Use Policy, available on www.verizonwireless.com. **NationalAccess** and **BroadbandAccess** data sessions may be used with wireless devices for the following purposes: (i) Internet browsing; (ii) email; and (iii) intranet access (including access to corporate intranets, email, and individual productivity applications like customer relationship management, sales force and field service automation). **Unlimited NationalAccess/BroadbandAccess** services cannot be used: (1) for uploading, downloading, or streaming movies, music, or games; (2) with server devices or with host computer applications, including, but not limited to, Web camera posts or broadcasts, automatic data feeds, Voice over IP (VoIP), automated machine-to-machine connections, or peer-to-peer (P2P) file sharing; or (3) as a substitute or backup for private lines or dedicated data connections. **NationalAccess/BroadbandAccess** is for individual use only and is not for resale. We reserve the right to limit throughput or amount of data transferred, and to deny or terminate service, without notice, to anyone we believe is using **NationalAccess** or **BroadbandAccess** in any manner prohibited above or whose usage adversely impacts our network or service levels. Verizon Wireless reserves the right to protect its network from harm, which may impact legitimate data flows. We also reserve the right to terminate service upon expiration of Customer Agreement term.

Verizon Wireless Plans, Rate and Coverage Areas, rates, agreement provisions, business practices, and procedures and policies are subject to change as specified in the Customer Agreement.
